 4-5 days* (USA)

Flush-mounted blind actuator CJAU-01/02 Radio bus system, other xComfort bus systems, radio bidirectional, flush-mounted installation, width in modular units 3, with bus coupling, removable bus module, on-site/manual operation, number of inputs 0, ohmic switching current 6A, max. switching capacity 1380W, max. number of blind outputs 1, type of current AC, protection class (IP) IP20, min. depth of the device box 26mm, the blind actuator receives and controls roller shutters and blind drives with 230V motors with integrated limit switches. Two safety functions are also possible in this blind actuator (e.g. safety position in wind and/or rain, lock-out protection - if the terrace door is open, this roller shutter/blind must not close). Note: Several shading motors must not be switched in parallel on one blind actuator without a cut-off relay. The power is supplied via the mains. The device is installed in the switch or junction box. When using with inductive loads (e.g. fluorescent lamps), it is essential to observe the protective circuit!

YOUR ADVANTAGES

 **WORLDWIDE TRADE**
Corporate video eibmarkt®

 **99% CUSTOMER SATISFACTION**
> 500,000 customers worldwide

 **DHL TRACK & TRACE**
Shipment tracking

 **COMPLAINTS HANDLING**
Obliging and 100% safely

 **25 YEARS OF EXPERIENCE**
In worldwide mail order

 **ORDER LIVE CHAT**
With order history

 **SHORT DELIVERY TIME**
Warehousing

 **REFUND**
Within 14 days

 **DATA PROTECTION**
Guarantee

* Note on delivery time: Day = Monday to Friday, no public holiday in Bavaria or Saxony. Goods are also delivered on Saturdays (DHL).

** Payment methods may vary from country to country. All prices plus shipping and excluding customs duties or other additional costs (import sales tax) for deliveries outside the EU.

*** Savings compared to RRP = the manufacturer's recommended retail price. RRP is the price recommended to retailers by the manufacturer, importer or wholesaler as a resale price to the customer. The RRP is also referred to as the list price and is defined as the highest possible price that a buyer would pay for a specific product before any discounts (Source of gross list prices: Germany).
