Overload relay 40-50A 3RU2136-4HB1 Adjustable current range 40 ... 50A, max. rated operating voltage Ue 690V, type of installation stand-alone installation, connection type main circuit screw connection, number of auxiliary contacts as NC contact 1, number of auxiliary contacts as changeover contact 0, tripping class CLASS 10, automatic reset function, thermal overload relay 40...50 A for motor protection Size S2, CLASS 10 stand-alone installation Main circuit: Screw Auxiliary circuit: Screw Manual automatic RESET SIRIUS 3RU2 thermal overload relay for current-dependent protection of loads with normal starting against impermissibly high temperatures as a result of overload or phase failure. This series is particularly flexible and cost-effective. Worldwide approvals (eg IEC and UL/CSA) and use in potentially explosive applications (ATEX or IEC Ex) are a matter of course. The overload release can be supplied with different setting ranges. They are available with screw or spring-loaded connections for a quick, maintenance-free and vibration-proof connection, as well as for individual installation. The accessories are universally suitable for all sizes S00 to S3. Simple, efficient, always up-to-date - the SIRIUS modular system.
