12-way patch panel with 6xRJ45 modules FZ12MM Patch panel, universal, 12-way (E-Dat) incl. 6xRJ45 modules, for DIN rail/screwed. Patch panel with 12 slots for installation in multimedia fields on DIN rails, support rails and mounting plates. Consisting of a universal bracket made of galvanized sheet steel with cut-outs for data modules, insulated plastic carrier for snapping onto top-hat rails, screwing onto mounting plates or mounting rails in distribution cabinets. Included are: 6 fully shielded data modules with zinc die-cast metal housing with strain relief, individually shielded RJ45 sockets (category 6, 500 MHz, link tested) for connecting cables (category 6A/7/7A) and labeling strips. Note: A line from the patch panel to the equipotential bonding rail (functional equipotential bonding according to DIN EN 50310 - VDE 0800-2-310) must be connected (not included).

* Note on delivery time: Day = Monday to Friday, no public holiday in Bavaria or Saxony. Goods are also delivered on Saturdays (DHL).

** Payment methods may vary from country to country. All prices plus shipping and excluding customs duties or other additional costs (import sales tax) for deliveries outside the EU.

*** Savings compared to RRP = the manufacturer's recommended retail price. RRP is the price recommended to retailers by the manufacturer, importer or wholesaler as a resale price to the customer. The RRP is also referred to as the list price and is defined as the highest possible price that a buyer would pay for a specific product before any discounts (Source of gross list prices: Germany).
