Motor reversing relay 2A MUR U1 (12V DC), rated operational current $I_e=2$ A, rated operational voltage U_e at DC=12 V, current measuring module=yes, type of connection technology=screw connection, rated control supply voltage U_s at DC=12 V, type of voltage for actuation=DC, number of analog inputs=2, number of outputs, contact-based=2, switching function=monostable, design of electrical connection for auxiliary and control circuits=screw connection, motor polarity reversal relay, miniature drives are increasingly being used in building automation. Such very compact drive systems usually work with DC motors and can therefore not be operated on the conventional controls designed for AC motors. The MUR U1 takes over the necessary conversion from AC control to DC drive, a polarity reversal logic is used to reverse the direction of travel, and an adjustable cut-off current in conjunction with the adjustable response time ensures a precisely adjustable and safe limit switch. Dimensions: 43x43x33mm, 12V DC, 10mA-2A

YOUR ADVANTAGES

 **WORLDWIDE TRADE**
Corporate video eibmarkt®

 **COMPLAINTS HANDLING**
Obliging and 100% safely

 **SHORT DELIVERY TIME**
Warehousing

 **99% CUSTOMER SATISFACTION**
> 500,000 customers worldwide

 **25 YEARS OF EXPERIENCE**
In worldwide mail order

 **REFUND**
Within 14 days

 **DHL TRACK & TRACE**
Shipment tracking

 **ORDER LIVE CHAT**
With order history

 **DATA PROTECTION**
Guarantee

* Note on delivery time: Day = Monday to Friday, no public holiday in Bavaria or Saxony. Goods are also delivered on Saturdays (DHL).

** Payment methods may vary from country to country. All prices plus shipping and excluding customs duties or other additional costs (import sales tax) for deliveries outside the EU.

*** Savings compared to RRP = the manufacturer's recommended retail price. RRP is the price recommended to retailers by the manufacturer, importer or wholesaler as a resale price to the customer. The RRP is also referred to as the list price and is defined as the highest possible price that a buyer would pay for a specific product before any discounts (Source of gross list prices: Germany).
