FI block 4p, 40A,30mA DDA204A-40/0.03 rated voltage 230 ... 400V, rated current 40A, rated fault current 0A, max. delay time 0ms, number of poles 4, fault current type A, frequency 50/60 Hz, rated insulation voltage Ui 500V, Rated impulse withstand voltage Uimp 4kV, Connectable conductor cross-section, solid 16 ... 16mm², Connectable conductor cross-section, stranded 16 ... 16mm², With locking device, Degree of protection (IP) IP2X, Ambient temperature during operation -25 ... 55°C, The FI block (RCU) is for customer installation with circuit breakers of the S200 series. The resulting FI/LS combinations (RCBOs) offer personal and property protection as well as protection against electrically ignited fires in accordance with DIN VDE 0100-410 and DIN VDE 0100-530. They ensure protection of 1P+N, 2P, 3P, 3P+N or 4P circuits against overload and short-circuit currents, protection against sinusoidal alternating currents and pulsating currents with a smooth DC residual current of up to 6 mA to earth. As well as fault protection (protection against indirect contact), additional protection (with I_n = 30 mA) and fire protection (with I_n = 300 mA). They meet the product standard IEC/EN 61009 Annex G. Areas of application are household, commercial and industrial applications. The extensive range of accessories offers you everything you need for your installation tasks. The rated switching capacity when mounting MCB S200 is: 6 kA, S200 M: 10 kA, S200 P: 25 kA.

* Note on delivery time: Day = Monday to Friday, no public holiday in Bavaria or Saxony. Goods are also delivered on Saturdays (DHL).

** Payment methods may vary from country to country. All prices plus shipping and excluding customs duties or other additional costs (import sales tax) for deliveries outside the EU.

*** Savings compared to RRP = the manufacturer's recommended retail price. RRP is the price recommended to retailers by the manufacturer, importer or wholesaler as a resale price to the customer. The RRP is also referred to as the list price and is defined as the highest possible price that a buyer would pay for a specific product before any discounts (Source of gross list prices: Germany).
