SITOR cylinder fuse. 14x51 mm, 16A 3NC1416-0MK Size 14x51 mm, rated voltage 10 ... 690V, voltage type AC, operating class gR (full-range converter protection), operating frequency 45 ... 62Hz, rated current 16A, tripping characteristic other, breaking capacity 100,000kA, SITOR cylindrical fuse link, 14x51 mm, 16 A, gR, Un AC: 690 V, Un DC: 600 V SITOR 3NE, 3NC semiconductor protection fuses protect power semiconductors from the effects of a short circuit. The SITOR fuse system from Siemens, an important part of the SENTRON protection components for electrical installations, offers effective device and system protection to people through safe shutdown in the event of an overload or short circuit. The area of application also includes frequency converters with fuses in the input and DC link as well as UPS systems and soft starters for motors. The Siemens SITOR fuses are characterized above all by: 1. Super fast switch-off characteristics compared to conventional NH fuses. 2. Power semiconductors are also reliably protected in the event of a short circuit. 3. The Siemens quality standard ensures very good characteristic curve fidelity. 4. SITOR cylinder fuses are approved according to IEC and UL and mostly also CCC and can therefore be used worldwide. 5. Partially suitable for installation in NH fuse bases, in NH fuse switch-disconnectors and switch-disconnectors with fuses. Siemens offers a comprehensive portfolio of protection, switching, measuring and monitoring devices, installation distributors, switches and sockets for safe, efficient electrical infrastructure in buildings and industry.

* Note on delivery time: Day = Monday to Friday, no public holiday in Bavaria or Saxony. Goods are also delivered on Saturdays (DHL).
** Payment methods may vary from country to country. All prices plus shipping and excluding customs duties or other additional costs (import sales tax) for deliveries outside the EU.
*** Savings compared to RRP = the manufacturer's recommended retail price. RRP is the price recommended to retailers by the manufacturer, importer or wholesaler as a resale price to the customer. The RRP is also referred to as the list price and is defined as the highest possible price that a buyer would pay for a specific product before any discounts (Source of gross list prices: Germany).
