Installation contactor 25A 48V AC/DC ESB25-22N-03 rated operating voltage 220 ... 400V, rated operating current 25A, utilization category 7, rated operating voltage 48 ... 48V, voltage type of the operating voltage AC/DC, voltage type of the operating voltage AC/DC, number of contacts as NO contacts 2, number of contacts as NC contact 2, number of pitch units 2, installation depth 58mm, additional equipment possible, degree of protection (IP) IP20, 4-pole contactors ESB25..N with a width of 36 mm control 3-phase loads up to 25 A and are available in different Contact assignments and coil voltages are available. They switch electric heaters, water heaters, motors for pumps, ventilation and other drives as well as lighting. Thanks to an integrated coil circuit, they work with both AC and DC control voltages. The devices are therefore absolutely hum-free and quiet when switching. An auxiliary switch that can be mounted on the left as an accessory, as well as sealing caps and a spacer complete the range. ESB25..N have installation design and meet, among other things, the household standard EN61095, they are therefore particularly suitable for installation in distributors.
