Neozed fitting insert 5SH5010 size D01, rated current 10A, color code red, NEOZED fitting insert D01 10A NEOZED and DIAZED safety systems with extensive accessories. The NEOZED and DIAZED fuse system from Siemens, as an important part of the SENTRON protective components for electrical installations, offers effective device and system protection to people through safe shutdown in the event of overload and short circuit. It is primarily used in distribution technology and in industrial switchgear. The system can be operated by laypeople and is also approved for domestic installation. The Siemens NEOZED and DIAZED security systems are characterized above all by: 1. Coordinated portfolio and accessories. 2. Fuse links from 2 A to 100 A in different operating classes. 3. Base versions in classic screw base technology. 4. Proven quality since 1906. Siemens offers a comprehensive portfolio of protection, switching, measuring and monitoring devices, installation distributors as well as switches and sockets for the safe, efficient electrical infrastructure in buildings and industry.

* Note on delivery time: Day = Monday to Friday, no public holiday in Bavaria or Saxony. Goods are also delivered on Saturdays (DHL).

** Payment methods may vary from country to country. All prices plus shipping and excluding customs duties or other additional costs (import sales tax) for deliveries outside the EU.

*** Savings compared to RRP = the manufacturer's recommended retail price. RRP is the price recommended to retailers by the manufacturer, importer or wholesaler as a resale price to the customer. The RRP is also referred to as the list price and is defined as the highest possible price that a buyer would pay for a specific product before any discounts (Source of gross list prices: Germany).
