Surface-mounted small distribution board 1FB, 4-row CA14V surface-mounted installation, number of rows 4, width in module widths 12, type of cover door, cover design closed, housing material steel, height 650mm, width 300mm, depth 160mm, installation depth 135.1mm, interior depth 152mm, DIN rail, attachment option, color white, RAL number 9016, degree of protection (IP) IP44, with lock, type of closure other, The small distributors of the ComfortLine Compact-A series are designed for surface mounting. The distributors are used, for example, in the interior of residential, functional or industrial buildings. The enclosures are supplied with bezel and door and have top, bottom and side cable entry options. Also standard for each field is the cable clamp option at the top and bottom, which considerably simplifies the laying of the cables. Thanks to the QMS snap-in technology, expansion with distribution panels and combination sets can be individually implemented according to customer requirements. The housings meet protection class IP44 and have a VDE test mark. Color white RAL 9016 and powder coated.

**YOUR ADVANTAGES**

\* Note on delivery time: Day = Monday to Friday, no public holiday in Bavaria or Saxony. Goods are also delivered on Saturdays (DHL).

\*\* Payment methods may vary from country to country. All prices plus shipping and excluding customs duties or other additional costs (import sales tax) for deliveries outside the EU.

\*\*\* Savings compared to RRP = the manufacturer's recommended retail price. RRP is the price recommended to retailers by the manufacturer, importer or wholesaler as a resale price to the customer. The RRP is also referred to as the list price and is defined as the highest possible price that a buyer would pay for a specific product before any discounts (Source of gross list prices: Germany).
