Color camera anth 126567 Type of installation Built-in, installation technology bus system, material other, color anthracite, color camera for door station anthracite Features: Installation in a commercially available flush-mounted device box. Suitable for the cover frames of the Gira TX\_44 switch range. Modular design, thus easy installation and expandability. Signal transmission and supply of the audio and video components via reverse polarity and short-circuit proof 2-wire bus. Extension of the door stations with a color camera with automatic day or night switching. Light-emitting diodes ensure that the field of vision is evenly illuminated at close range during night-time operation. Camera can be swiveled manually horizontally and vertically by 20. In combination with the wide-angle lens, this results in a very large viewing angle in the door entrance area. Automatic backlight compensation. Automatic white balance. Automatic Gain Control (AGC). Integrated temperature-dependent camera heating. Splashproof cover. Camera cover made of impact-resistant plastic, in case of damage, e.g. B. by vandalism, easily replaceable. Notes : The color camera must not be placed directly under a lamp. Suitable for use in the Gira energy profile. Not suitable for use in the Gira energy profile with light.
