Plastic corrugated pipe light 25.0x18.6mm FBY-EL-F 25 sw material polyolefine, flame-retardant design, bending behavior flexible, compressive strength class light (class 2), impact strength medium (class 3), flush-mounted, surface-mounted, on wood, hollow wall, underfloor installation (screed), inner diameter 19.3mm, outer diameter 25mm, operating temperature -15 ... 90°C, highly slippery inner layer, color black, RAL number 9005, FBY-EL-F Highspeed is a lightweight plastic corrugated pipe with a highly slippery inner layer made of polyolefin, non-flame propagating, black in colour. This plastic corrugated pipe is used for flush-mounted cavity walls and screed installation. The advantage lies in the highly slippery inner layer of types 20 and 25. With this, cables and wires can be drawn in over longer distances without any problems. VDE 0605

* Note on delivery time: Day = Monday to Friday, no public holiday in Bavaria or Saxony. Goods are also delivered on Saturdays (DHL).

** Payment methods may vary from country to country. All prices plus shipping and excluding customs duties or other additional costs (import sales tax) for deliveries outside the EU.

*** Savings compared to RRP = the manufacturer's recommended retail price. RRP is the price recommended to retailers by the manufacturer, importer or wholesaler as a resale price to the customer. The RRP is also referred to as the list price and is defined as the highest possible price that a buyer would pay for a specific product before any discounts (Source of gross list prices: Germany).
