D-fuse one. RECTICUR DIII gG 50A/500V DIIIGR50V50 size DIII, rated current 50A, rated voltage 500V, color code white, service class other, tripping characteristic fast-acting (F). The RECTICUR fuse link with fast-acting characteristics is used to protect semiconductor components such as thyristors, diodes, GTO and MCT -Thyristors used. The RECTICUR fuse link offers complete protection of the power semiconductor against short circuits and overloads. The fusible conductor consists of pure silver and ensures that the circuit is interrupted very quickly in the event of a fault. The downstream semiconductor components are thus exposed to minimal stress.

* Note on delivery time: Day = Monday to Friday, no public holiday in Bavaria or Saxony. Goods are also delivered on Saturdays (DHL).

** Payment methods may vary from country to country. All prices plus shipping and excluding customs duties or other additional costs (import sales tax) for deliveries outside the EU.

*** Savings compared to RRP = the manufacturer's recommended retail price. RRP is the price recommended to retailers by the manufacturer, importer or wholesaler as a resale price to the customer. The RRP is also referred to as the list price and is defined as the highest possible price that a buyer would pay for a specific product before any discounts (Source of gross list prices: Germany).
