Permanent light element LED, 24VUC, yellow 8WD4220-5AD Permanent light function, color yellow, outer diameter 50mm, operating voltage at AC 50 Hz 24 ... 24V, type of voltage AC/DC, light source LED, housing color other, degree of protection (IP) IP54, degree of protection (NEMA) other, permanent light element, with integrated LED, yellow, AC/DC 24 V, diameter 50 mm SIRIUS 8WD4 permanent light element including lamps for the modular design of signal towers, e.g. for visual and/or acoustic warning devices or for monitoring complex processes. Thanks to the high degree of protection the robust devices are suitable for industrial use and extremely resistant to shock and vibration. The secure bayonet lock allows easy installation and quick replacement of the light elements. In addition to a permanent light, flashing flashing and rotating lights in various colors and voltages as well as buzzers and sirens are also available. They are available in various diameters, optionally also capable of communication via connection to AS-Interface. Optimum light distribution is achieved by using several LEDs in a light module. Bases, tubes, adapters, bulbs, LEDs and tube adapters are available as accessories. SIRIUS 8WD signal towers - modular and communication-capable.

**YOUR ADVANTAGES**
