Cable tie 212x2.4mm natural TY 553 M Tape width 2.53mm, tape length 101.6mm, tape thickness 1.18mm, max. bundle diameter 16mm, min. holding force 80N, operating temperature -40... 85°C, design with internal teeth, tape fastener steel nose, Material plastic, material quality Polyamide (PA), surface untreated, color natural, labeling surface adjacent to the bundle, type of fastening without, The Ty-Rap steel nose cable tie with integrated labeling surface is a marking tie with a labeling field for quick labeling and bundling. The corrosion-resistant, anti-magnetic, Type 316 stainless steel nose in the cable tie head guarantees the strongest and most secure hold on the market. The powerful and reliable Ty-Rap can be used in the most adverse conditions such as vibration, heat or cold. The rounded edges and contours of the head and the tie ensure user-friendly handling and prevent the insulation of the cables and wires from being damaged by sharp edges or serrations. In addition, the smooth body with no grid teeth or grooves reduces the number of overstressed areas. The slight nubs on the inside of the strap ensure that the tie sits firmly on the cable bundle. A large selection of accessories complements the range.

* Note on delivery time: Day = Monday to Friday, no public holiday in Bavaria or Saxony. Goods are also delivered on Saturdays (DHL).

** Payment methods may vary from country to country. All prices plus shipping and excluding customs duties or other additional costs (import sales tax) for deliveries outside the EU.

*** Savings compared to RRP = the manufacturer's recommended retail price. RRP is the price recommended to retailers by the manufacturer, importer or wholesaler as a resale price to the customer. The RRP is also referred to as the list price and is defined as the highest possible price that a buyer would pay for a specific product before any discounts (Source of gross list prices: Germany).
