NH fuse base size 1 1p 250A 660V 3NH3220 size NH1, number of poles 1, rated current 250A, the flat terminal with screw is suitable for connecting bars or cable lugs. It has a non-rotatable screw connection with washer, spring washer and nut. When tightening the nut, pay attention to the torque due to the considerable leverage effect. The double rail connection differs from the flat connection in that one rail can be routed above and below the flat connection

* Note on delivery time: Day = Monday to Friday, no public holiday in Bavaria or Saxony. Goods are also delivered on Saturdays (DHL).

** Payment methods may vary from country to country. All prices plus shipping and excluding customs duties or other additional costs (import sales tax) for deliveries outside the EU.

*** Savings compared to RRP = the manufacturer's recommended retail price. RRP is the price recommended to retailers by the manufacturer, importer or wholesaler as a resale price to the customer. The RRP is also referred to as the list price and is defined as the highest possible price that a buyer would pay for a specific product before any discounts (Source of gross list prices: Germany).
